

SANIDET

CLEANER SANITISER

Active ingredient: Quaternary ammonium compound

DESCRIPTION

SANIDET is a quaternary ammonium compound based cleaner sanitiser for cleaning hard surfaces in Food Processing establishments

SANIDET contains 3.1% Quaternary ammonium compound and non-ionic surfactants.

SANIDET is effective in hard water.

SANIDET is suitable for use in Glass Washers to wash and sanitise Beer Glasses

APPLICATION

Use **SANIDET** on clean or lightly soiled surfaces. If soiling is heavy pre-clean before using **SANIDET**.

Apply to surfaces to be cleaned using a sponge or mop, thoroughly wet surface and agitate

Use at a dilution of 1:50.

Food contact surfaces should be rinsed with potable water after use of **SANIDET**.

Do NOT mix **SANIDET** with soap detergent or other chemicals as deactivation may occur.

Dispose of diluted solution at completion of task and always make up fresh solution before use.
