Note:
CHESSER CHEMICALS Pty., Ltd. provides the information submitted in this Product Information Sheet based on our current knowledge and experience. In view of the many factors that may affect processing and application, these data do not relieve users from the responsibility of carrying out their own tests and experiments; neither do they imply any legally binding assurance of certain properties or of suitability for a specific purpose. It is the responsibility of those to whom we supply our products to ensure that any proprietary rights and existing laws and legislation are observed.

Product: ALL CLEAR

Description: ALL CLEAR is a Type A hand cleaner for use in food preparation areas

FEATURES

- ALL CLEAR is an unperfumed hand cleaner and contains a special blend of cleansers that effectively removes grease, fat, flour and other soils without drying the skin.
- ALL CLEAR contains glycerine and lanolin to moisturise and condition the skin. It leaves the skin feeling smooth and soft.
- ALL CLEAR has been classified as a Liquid Hand Soap Type A and can be used in all areas of meat export establishments.

HOW & WHERE TO USE

- ALL CLEAR is a clear viscous liquid with practically no odour therefore it is ideal for use in meat works and food processing areas where perfume could taint the food.
- If the skin is heavily soiled, squirt a small amount of ALL CLEAR onto the skin, work into the soiling and then rinse off.
- If soiling is light, ALL CLEAR can be used like a conventional liquid soap and washed off under the tap.
