*Note: CHESSER CHEMICALS Pty., Ltd., provides the information submitted in this Product Information Sheet based on our current knowledge and experience. In view of the many factors that may affect processing and application, these data do not relieve users from the responsibility of carrying out their own tests and experiments; neither do they imply any legally binding assurance of certain properties or of suitability for a specific purpose. It is the responsibility of those to whom we supply our products to ensure that any proprietary rights and existing laws and legislation are observed.*

## Product: ENCORE

**Encore is a premium grade concentrated manual dishwashing detergent and light duty cleaner.**

### FEATURES

- Encore is a clear yellow viscous liquid with a sweet Kakadu Plum fragrance. Encore is a premium grade concentrated manual dishwashing detergent and light duty cleaner.
- Encore is a concentrated product. Only a small amount is needed with each load of dishes. This makes it highly economical, and means dispensing bottles only have to be filled on occasional basis, saving time.
- Encore contains a special blend of detergents to give good grease cutting ability and lots of bubbles, yet still be mild on the skin.

### HOW & WHERE TO USE

- Add about ½ to 1 teaspoon to a domestic sized sink, or 10 – 20mls in a commercial sink.
- The level of suds gives an indication on whether enough or too much has been added. Collapse of bubbles means more detergent should be used.
- Excessive suds show too much has been added.
- As a light duty cleaner for any washable surface use 5-10mls in a 10 litre bucket.

## SAFETY AND FIRST AID

Refer to SDS before Use

### Low Hazard Rating

*Chesser Traffic Lights Hazard indicator system*

**HAZARDOUS** according to the criteria of the Globally Harmonised System of Classification and Labelling of Chemicals

**SIGNAL WORD: DANGER**
