CHESSER CHEMICALS Pty., Ltd., provides the information submitted in this Product Information Sheet based on our current knowledge and experience. In view of the many factors that may affect processing and application, these data do not relieve users from the responsibility of carrying out their own tests and experiments; neither do they imply any legally binding assurance of certain properties or of suitability for a specific purpose. It is the responsibility of those to whom we supply our products to ensure that any proprietary rights and existing laws and legislation are observed.

Product: RESTORE

RESTORE is a triple barrier action tyre restorer

RESTORE is a triple barrier action tyre gloss and restoration product. Once sprayed on the Tyre surface RESTORE begins to work. RESTORE leaves a lasting shine that will protect the tyre.

DESCRIPTION

- RESTORE is a triple barrier action tyre product. Once sprayed on the surface RESTORE begins doing its work.
- RESTORE loosens dirt & Road Grime, and penetrates the Tyre surface leaving a barrier that will protect against UV rays and chemical break down.
- RESTORE leaves a lasting shine that enhances the Tyres.
- RESTORE is water resistant approximately half an hour after application and after 24 hours will resist a number of vehicle washes.
- RESTORE is a complex blend of self polymerising silicones.

APPLICATION

RESTORE can be used for most rubber, vinyl and plastics. Spot test if you are unsure. Do not use on fabric. Use undiluted in an atomiser or on a clean cloth, ensuring that it is applied evenly. If the surface is very porous you may need a second application. Once applied RESTORE can be left on the surface as is, or it can be allowed to penetrate for a few minutes and then wiped clean.

Spills or overspray will be slippery, Avoid overspray onto Walkways.
