Note:

CHESSER CHEMICALS Pty., Ltd., provides the information submitted in this Product Information Sheet based on our current knowledge and experience. In view of the many factors that may affect processing and application, these data do not relieve users from the responsibility of carrying out their own tests and experiments; neither do they imply any legally binding assurance of certain properties or of suitability for a specific purpose. It is the responsibility of those to whom we supply our products to ensure that any proprietary rights and existing laws and legislation are observed.

Product: SPECTRA

Spectra is a viscous pale brown opaque liquid with a pleasant pine odour. It is a wash and shine treatment for maintaining sealed vinyl, linoleum, terrazzo and marble floors, leaving behind a polish at the same time.

FEATURES

- Spectra combines good cleaning ability with polish to enhance the shine and protect any floor. It is an easy to use product that maintains the floor in top condition.
- Spectra contains natural pine oil. As well as helping with cleaning it helps to deodorise the area

HOW & WHERE TO USE

- For most floors use at dilution of 1:40 (1 cup in a bucket) of warm water. Mop on then leave to dry. The floor may be buffed when required.
- If soiling is heavy either increase concentration to 1:20 (2 cups in a bucket), or preferably pre clean first with a product such as Chesser Multi-Purpose Heavy Duty Cleaner at a dilution of 1:40.

SAFETY INSTRUCTIONS

LOW Hazard Rating

Chesser Traffic Lights Hazard indicator system

HAZARDOUS according to the criteria of the Globally Harmonised System of Classification and Labelling of Chemicals
