Note:
CHESSER CHEMICALS Pty., Ltd. provides the information submitted in this Product Information Sheet based on our current knowledge and experience. In view of the many factors that may affect processing and application, these data do not relieve users from the responsibility of carrying out their own tests and experiments; neither do they imply any legally binding assurance of certain properties or of suitability for a specific purpose. It is the responsibility of those to whom we supply our products to ensure that any proprietary rights and existing laws and legislation are observed.

Product: STEEL SHINE

STEEL SHINE is a light oil polish for stainless steel and architectural metals. It will remove finger marks and retain a light film on the surface that further resists marking.

APPLICATION

Spray onto a soft cloth or direct onto the surface and rub gently with a circular motion. Do not overuse. Use a soft cloth.
Test on a small area before proceeding.
