Note: CHESSER CHEMICALS Pty., Ltd., provides the information submitted in this Product Information Sheet based on our current knowledge and experience. In view of the many factors that may affect processing and application, these data do not relieve users from the responsibility of carrying out their own tests and experiments; neither do they imply any legally binding assurance of certain properties or of suitability for a specific purpose. It is the responsibility of those to whom we supply our products to ensure that any proprietary rights and existing laws and legislation are observed.

Product: **ULTRA WASH OXYSAN** Machine Dishwashing Stain Remover

FEATURES

- ULTRA WASH OXYSAN is an active oxygen formulation designed to brighten crockery and remove tannin stains from coffee cups, will remove food dyes from old and worn crockery, less corrosive than traditional chlorine bleach systems.
- ULTRA WASH OXYSAN is extremely easy to use as it is automatically dispensed by an electronic feeder. Concentrated and economical to use.

HOW & WHERE TO USE

- When the drum is empty simply remove the dip tube and put it into the new ULTRA WASH OXYSAN drum. Take care to ensure no product is dripped or splashed onto the skin. Safety goggles are recommended to protect your eyes.
- ULTRA WASH OXYSAN must only be used through an electronic feeder. It should not be added manually or used for manual dishwashing. Your Technical Representative will adjust the Feeder Dosage parameters.
